

YEAR BOOK

2018
SESSION

*Honoring the memories
Honoring the past
And looking into the future*

PREFACE

He lives life long, who lives well. Time on earth is short but the memories we make and cherish here, live on forever! Live a good life and treasure the sweet moments and recollections of your life. We all have our time machines. Some take us back, they're called memories. There's no better place to gather your vivid memories than a yearbook.

This yearbook is an effort of Library of Civil Engineering Department, aiming to provide an overview of memories and give you flashbacks of the 4 years of 2018 session. It is the revival of the tradition of yearbook in Civil Engineering Department after 32 years.

.

ACKNOWLEDGEMENT

We wish to acknowledge, in self-effacement and gratitude, the energies of all those who have assisted to make these thoughts, well above the level of simplicity, into perceptible shape. We would additionally like to explicit our unique thank you of gratitude to Dr. Rizwan Azam for giving this opportunity to revamp and revive the annual yearbook tradition at the Civil Department UET Lahore. Furthermore, we would like to appreciate the contributions of Mr. Hamza Niaz, Mr. Hasnat Hameed, Mr. Saad Anwar and Ammar Gujjar for their help in completing this yearbook. Last but not the least, we owe our profound gratefulness to everyone who guided and supported us at some point of our journey.

MESSAGES

DEAN CIVIL ENGINEERING DEPARTMENT

PROF. DR. HABIB UR REHMAN

It is a matter of immense pleasure to write few sentences for the Year Book of 2018-Session. My hearty congratulations to all graduates of this session. You people did great despite of the covid-19 pandemic. Now it is the time that you are entering in the field with a new environment. I wish you best of luck, joy and happiness in your future endeavors. Please always be loyal with your employer as he is the main source through which Allah bless you wealth, be punctual at your work place, always behave ethically even while switching from one employer to other. Do hard work in your organization so that you become indispensable for them and they never think to fire you even in hard days. Take care about your old and weak parents, and this is the time to pay them back. Always get prayers of parents, I have seen wonders happening due to their prayers. Be always up right, never support injustice and argue ethically. Always respect your elders and be kind on your junior staff. With the grace of Almighty Allah soon you will become rich, then never forget to assist the financially deprived people of the society. I wish you best of luck and all success in your practical life. At the end, I would like to encourage you to keep in touch with the department and your session fellows, which are real source of strength for you. Stay blessed.

CHAIRMAN CIVIL ENGINEERING DEPARTMENT

PROF. DR. KHALID FAROOQ

It gives me immense pleasure to congratulate you on successfully completing your term in the department. It has been a pleasure having you all in the department for the past four years and seeing you grow into mature and learned individuals. May your future endeavors make excellent use of the knowledge and skills that you have learnt during your 4 years' stay in the department. On behalf of all the faculty members, I wish you all great success and happiness in the future. Be sure to keep in touch with the department.

DIRECTOR DEPARTMENT LIBRARY

DR. RIZWAN AZAM

This booklet has been prepared with the aim to create a stronger bond between the alma mater and our graduating students as it contains memories of their time spent at university with their friends in the form of pictures. I would like to thank Adil, Areeba, Sajeel, Armash and other volunteers for their outstanding efforts in bringing back this tradition of the yearbook to the Civil Engineering Department. In the end, I congratulate all graduating students and wish them a happy and successful professional career.

**Complete Yearbook is available
at Departmental library**
